SPECIALIST ROSS A. MCGINNIS MEMORIAL POST OFFICE

Mr. McCONNELL. Mr. President, I ask unanimous consent that the Com-

mittee on Homeland Security and Governmental Affairs be discharged from further consideration of H.R. 433 and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title. The senior assistant legislative clerk read as follows:

A bill (H.R. 433) to designate the facility of the United States Postal Service located at 523 East Railroad Street in Knox, Pennsylvania, as the “Specialist Ross A. McGinnis Memorial Post Office.”

There being no objection, the Senate proceeded to consider the bill.

Mr. McCONNELL. I ask unanimous consent that the bill be read a third time and passed, and the motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

The bill (H.R. 433) was ordered to a third reading, was read the third time, and passed.

PATENTS FOR HUMANITY PROGRAM IMPROVEMENT ACT

Mr. McCONNELL. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. 1402 and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title.

The senior assistant legislative clerk read as follows:

A bill (S. 1402) to allow acceleration certificates awarded under the Patents for Humanity Program to be transferable.

There being no objection, the Senate proceeded to consider the bill.

Mr. LEAHY. Mr. President, today the Senate is passing legislation to strengthen an important humanitarian innovation prize created by the U.S. Patent and Trademark Office, PTO. Since 2012, the Patents for Humanity Award has recognized selected patent holders who use their inventions to address humanitarian needs. The legislation the Senate passed today will strengthen the award program and encourage innovators to continue using their work for humanitarian goals.

The innovations that are recognized by the Patents for Humanity Award program help underserved people throughout the world. Award winners have worked to improve nutrition, provide clean drinking water, fix broken bones in remote hospitals that lack x-ray technology, bring solar-powered energy to villages that are off the power grid, and combat the problem of dangerous counterfeit drugs, among other achievements. Winners of the Patents for Humanity Award demonstrate that our patent system does more than drive economic gain for individual companies; it can incentivize research and discoveries that promote humanitarian good.
